

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Previously Presented) An adhesive solid therapeutic composition containing an active ingredient that is a mixture of extracts obtained from the plant species *Sambucus nigra*, *Centella asiatica* and *Echinacea purpurea*, and excipients, said excipients comprising a bulk ingredient, an adhesive polymer of acrylic acid and polyvinylpyrrolidone.
2. (Original) A solid therapeutic composition according to claim 1 provided in the form of a tablet, wherein the surface of said tablet is partially coated with a non-adhesive material, such that said tablet is provided with a first, adhesive side and a second, coated, non-adhesive side.
3. (Currently Amended) An adhesive, solid therapeutic composition according to claim 1, comprising the active ingredient in an amount from 5 to 15 by weight percent of the active ingredient, lactose in an amount from 50 to 65 by weight percent lactose, an adhesive polymer of acrylic acid in an amount from 10 to 20 percent an adhesive polymer of acrylic acid which is preferably carbopol 974P®, and polyvinylpyrrolidone in an amount from 10 to 20 percent polyvinylpyrrolidone, which is preferably povidone K-90® or povidone K-29-32®, or a mixture thereof, based on the total weight of the composition.
4. (Canceled)

5. (Previously Presented) An adhesive solid therapeutic composition according to claim 1 further comprising hydroxypropyl cellulose.

6. (Previously Presented) An adhesive solid therapeutic composition according to claim 2 further comprising hydroxypropyl cellulose.

7. (Previously Presented) An adhesive solid therapeutic composition according to claim 3 further comprising hydroxypropyl cellulose.
